

REMARKS/ARGUMENTS

Reconsideration of this application is requested. Claims 27, 28, 31-33 and 36 are in the case.

I. ALLOWABLE SUBJECT MATTER

It is noted, with appreciation, that claims 27 and 36 are allowed.

II. THE 35 U.S.C. §112, FIRST PARAGRAPH, REJECTION

Claims 28 and 30-33 are rejected under 35 U.S.C. §112, first paragraph, because the specification while enabling for treating cervical carcinoma, colon carcinoma and non-small cell lung cancer, allegedly does not reasonably provide enablement for treating any or all cancers and solid tumors. In response, and without conceding to this rejection, claim 28 has been amended to recite a cancer selected from cervical carcinoma, colon carcinoma and non-small cell lung cancer, and to recite the step of administering radiotherapy to the tumour cells before, during or after the administration of the compound as defined in claim 27 to the tumour cells.

Claim 30 as been canceled without prejudice, claims 31 and 32 have been amended so as to be dependent on claim 28, and claim 33 has been amended to recite solid tumours selected from cervical carcinoma, colon carcinoma and non-small cell lung cancer. No new matter is entered and no new issues are raised. Withdrawal of the lack of enablement rejection is respectfully requested.
